

T-PHONE-A Mounted Phone Arm

Product Description:

The T-PHONE-A is an adjustable desktop or Trac mountable phone arm with a swiveling head that adjusts from 0 to 90°.

Available as a trac mount or a direct mount accessory, the arm can fold to fit in 2 inches of space and extend out over 14 inches.

Cable management allows cables to be tucked under the forearm and main arm to keep the desktop free of cables.

Features:

Low profile arm accommodates most phones.

Arm rotates 360° at 3 joints.

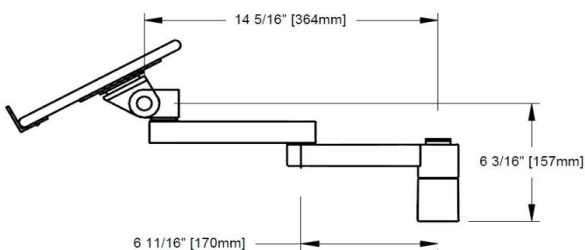

Platform/VESA plate tilt mechanism

Adjustable tension at all joints

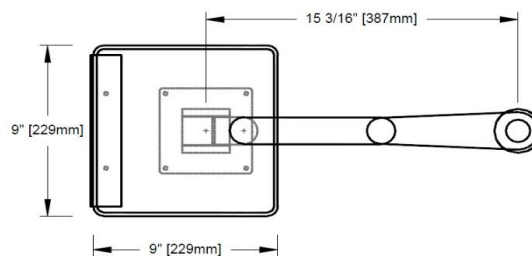

Optional platform for use with telephones that cannot be direct mounted.

Mountable to any desktop with flex mount kit

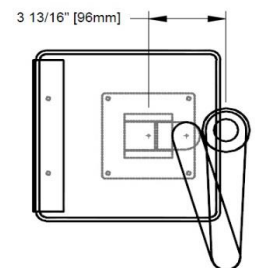

Standard with FP-9110 articulating arm
