

## FP-STX-D28/36-22 Reconfigurable Flat Panel Display Arm

### Product Description:

The FP-STAX is a reconfigurable post type LCD mount with a folding arm that adjusts vertically up and down the post in 1" increments.\*

The arm can fold to fit in less than 5" of space and extend out over 17".

Unique cable management allows cables to be tucked under the forearm and main arm and down the post.

This product is designed for modularity and can accommodate multiple configurations, adding articulating arms to the same post when required.

### Features:

Standard pole accommodates 15-30" LCDs, 15 lbs (6.8 kg) max weight recommended

Arm rotates 360° at 3 joints

Monitor tilt mechanism can tilt over 200°

Adjustable tension at all joints - ideal for touch screen applications.

VESA-mount compatible

Can be clamp mounted to desktop up to 2" thick

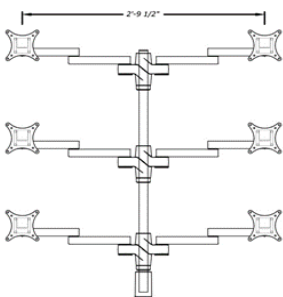

Silver  
standard color

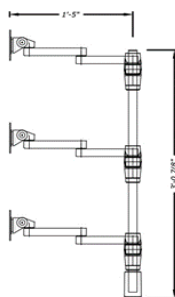

Black

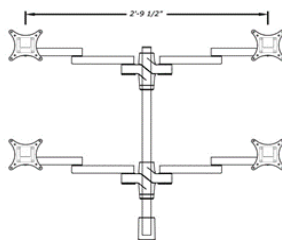

*\*optional 36" pole shown on left*
