

FP-STXD Reconfigurable Dual Articulating Arm

note: This model replaces the standard FP-9226.

Product Description:

The FP-STAXD is a reconfigurable post type LCD mount with a folding arm that adjusts vertically up and down the post in 1" increments.

The arm can fold to fit in less than 5" of space and extend out over 17".

Unique cable management allows cables to be tucked under the forearm and main arm and down the post.

This product is designed for modularity and can accommodate multiple configurations, adding

Features:

Standard 14" pole accommodates 15-30" LCDs, 20 lbs (9.1 kg) per mount

Arm rotates 360° at 3 joints

Monitor tilt mechanism can tilt over 200°.

Adjustable tension at all joints - ideal for touch screen applications.

VESA-mount compatible

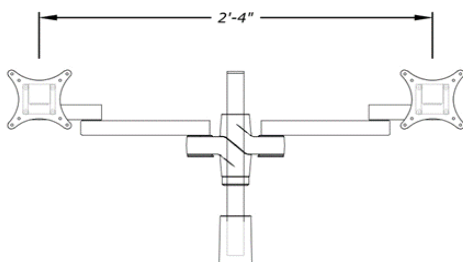

Can be mounted to desktop up to 2" thick, clamp-mount kit sold separately if required
